The martyrs who laid down their lives for the freedom of their country, had a lofty vision of future. They wanted our nation to be free from all the slavery and bondage. They wanted an India where all the communities would live in perfect harmony. Where there would be no high class or no low class of people and the curse of untouchability having been completely wiped out. Women would enjoy equal rights with men and contribute their fullest to the making of a great nation. This vision was because of the great past of our country which we have completely ignored. If we forget to take pride in our noble heritage, we will have to face severe consequences in future.
